

Iconic Temecula, 2022

Maria Crystal Correa

This piece was inspired by the unique history and culture of Temecula. My family came here in 1989 and I have watched the valley flourish from a few housing tracts to a bustling city.

The icons shown are personal reminders of how this city has shaped my life, from going to the Rod Run and Duck Pond as a child, to relaxing at the wineries and raising my kids here as an adult. I hope to share these memories with both visitors and locals.
