

# The ABCs of Water Safety

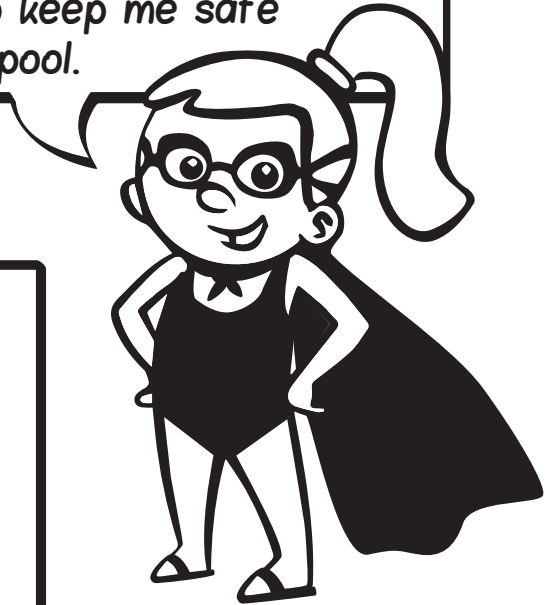

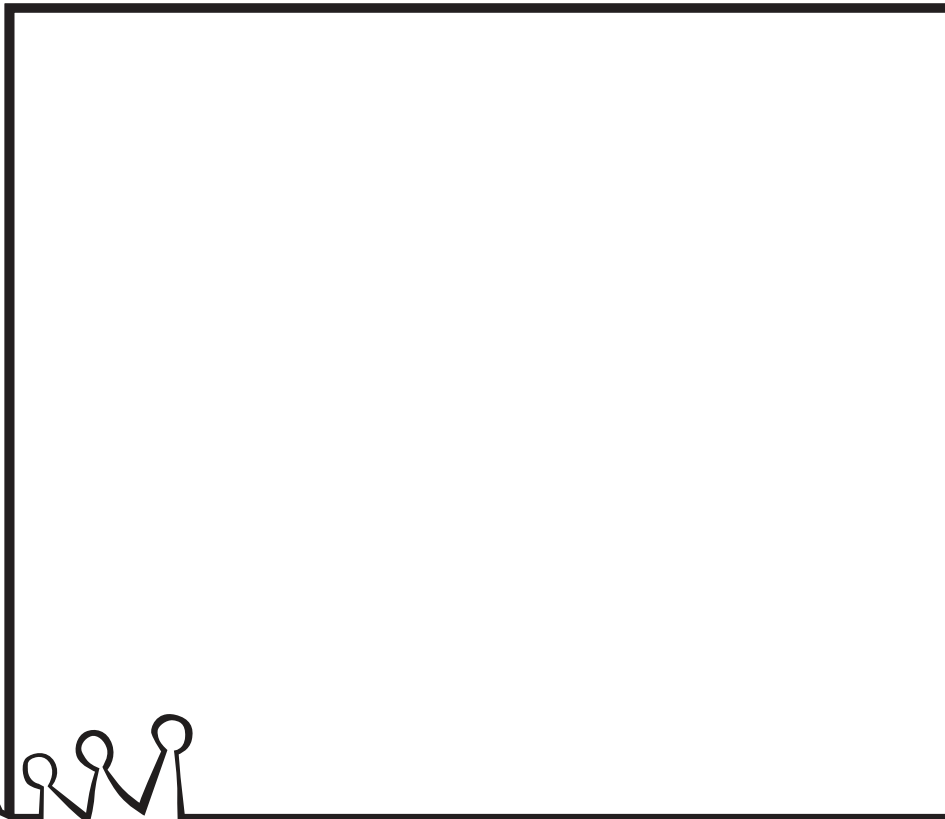

# B

is for

# BARRIERS

Fences and other barriers don't replace adult supervision but they help keep me safe when we are out of the pool.

Slides, waves or diving boards!? Draw your dream pool below. Don't forget the fence!

## KID CONVO

Discuss with your child(ren) the dangers of water and how bath time and swim time are different. Discuss what can help keep them safe around water.

### RULE YOUR WATER

Ask friends if they have a pool with a fence before visiting. No fence = consider wearing a lifejacket

Regularly check all pool fences, latches and alarms for good working order

### Family Water Rules

What rules does your family need?
